Dear Sir:

The computer readable form in the instant application, filed October 15, 1999, is identical to the computer readable form filed in U.S. Patent Application Serial No. 08/946,869, filed October 8, 1997 ("the '869 application"). In accordance with 37 CFR 1.821(e), reference is being made to the 869 application and the computer readable form filed in that case, in lieu of filing a duplicate computer readable form in this application.

It is understood that the Patent and Trademark Office will make the necessary change in application number and filing date for the computer readable form that will be used for the instant application.

Respectfully submitted,

Maurice Cohen, *et al.*
